Grants and Funded Research

1. "DOERS Proposal for 2024 Hewlett Foundation Two-Year Grant" Hewlett Foundation. June 2024 through June 2025, $500,000. (Investigators: Brad Griffith, Amanda Coolidge, Kathy Essmiller, Jeff Gallant, Leslie Reynolds, and Liliana Diaz Solodukhin). Project to leverage Driving OER Sustainability for Student Success (DOERS) organization to facilitate unique and necessary high-level collaboration and idea exchange among higher education system-wide, state-wide, province-wide and consortial open educational programs to maximize the impact of large-scale open education programs across North America.

2. "Open CU: Expanding a Successful Multiyear OER Initiative." Colorado Department of Higher Education. June 2022 through June 2024, $75,000. (Investigators: Jaimie Henthorn, Ben Harnke, Natalia Vergara, Leslie J. Reynolds, Merinda McLure, Caroline Sinkinson, Melissa Cantrell, Dave Anderson, Susan Vandagriff, Ronica Rooks and Keith Teeter). Project to expand and sustain a multi-campus OER initiative that leverages existing infrastructure, expertise, advocacy, and leadership support to scale OER awareness, evaluation, and adoption across the University of Colorado System, which includes University of Colorado Boulder, University of Colorado Denver, University of Colorado Colorado Springs, and University of Colorado Anschutz Medical Campus.

3. "Open CU Expanding a Successful and Sustainable OER Initiative." Colorado Department of Higher Education. April 2021 through May 31, 2022, $50,000. (Investigators: Jaimie Henthorn, Ben Harnke, Natalia Vergara, Leslie J. Reynolds, Merinda McLure, Caroline Sinkinson, Melissa Cantrell, Dave Anderson, Susan Vandagriff, Ronica Rooks and Keith Teeter). Project to expand and sustain a multi-campus OER initiative that leverages existing infrastructure, expertise, advocacy, and leadership support to scale OER awareness, evaluation, and adoption across the campuses' combined 66,000 degree-seeking students and 9,000 faculty and instructors.

4. "Open CU: Expanding a Successful OER Initiative Across the University of Colorado." Colorado Department of Higher Education. April 2020 through May 31, 2021, $76,000. (Principal Investigators: Deborah Keyek-Franssen, Jaimie Henthorn, Ben Harnke, Leslie J. Reynolds, Ellen Metter, and Dave Anderson). Project to expand a multi-campus OER initiative that leverages existing infrastructure, expertise, advocacy, and leadership support to quickly scale OER awareness, evaluation, and adoption across the campuses' combined 66,000 degree-seeking students and 9,000 faculty and instructors.

5. "Open CU: Building a Sustainable OER Initiative Across the University of Colorado." Colorado Department of Higher Education. March 2019 through May 15, 2020. $98,200. (Principal Investigators: Deborah Keyek-Franssen, Ben Harnke, Leslie J. Reynolds, Ellen Metter, and Dave Anderson). Project to create a multi-campus OER initiative that leverages existing infrastructure, expertise, advocacy, and leadership support to quickly scale OER awareness, evaluation, and adoption across the campuses' combined 66,000 degree-seeking students and 9,000 faculty and instructors.

6. "Develop Asynchronous Delivery of Information Strategies (GS-175E)." Indiana Higher Education Telecommunication System. March 13, 1998 through February 28, 1999. $19,400. (Principal Investigator, Sheila Curl and Co-investigators Leslie J. Reynolds and Brent Alan Mai). Project to develop and deliver Information Strategies course that allows students to access points of instruction which take into consideration learning style differences at times convenient to them through the flexibility of the Internet. Identified grant opportunity and co-wrote grant with colleagues, developed course materials, investigated and tested software, co-taught the course with colleagues

7. "Data collection, verification and entry of electronic index database for UIUC Library System." (Co-Principal investigators, Leslie J. Reynolds and Tammy Kuhn). University of Illinois at Urbana-Champaign Library. November 1996 through July 1997. $1500. Project to develop SQL database of electronic indexes to assist user in finding the best resources for his/her research via the web.

Librarianship

"Librarianship" in a librarian's portfolio is the equivalent of "teaching" for other faculty. The nature of librarianship varies according to the specific librarian's responsibilities and can be summarized as "the work we do in the library."

University of Colorado Boulder Ongoing Leadership, Administration, and Management Responsibilities

Participate in overall administration of the CU Boulder Libraries, including budget and personnel planning; provide executive leadership for Organizational Development and Inclusive Practice Chapter, Research and Innovation Strategies Chapter, Success and Engagement Chapter, Communications Team, Libraries' Facilities Team and Center for Research Data and Digital Scholarship.

Major Projects and Accomplishments

- Served as interim principal administrator of university libraries, including responsibility for personnel, budget, general administration, and advancement functions
- Responsibility for $16 million operations budget and $13 million collections budget
- Developed budget request process and made iterative improvements which resulted in increased transparency for library leaders and overall efficiency
- Co-steered Libraries/Natural History Museum Facility Feasibility Partnership
- Co-led effort to join the Open Library Environment Partners to further strengthen library input and engagement with development of FOLIO (http://folio.org) open source integrated library system and advance the development of open, innovative library management systems through this global collaboration and implemented in June 2023
- Represented CU Boulder University Libraries at system, state, and national consortia and associations
- Led Libraries-wide project to develop the strategic plan with goal of every member of library staff and faculty seeing themselves represented in final version
- Developed portfolio responsibilities and hired CUB Libraries first Director of Open and Digital Scholarship Services, Scholarly Communication librarian, Digital Archivist, and Digital Scholarship librarian
- Identified synergy in separate proposals and participated in the drafting of successful proposal to create the Center for Research Data and Digital Scholarship, a collaborative project with Research Computing and the Libraries

- Instituted process to promote and evaluate submissions for internal Innovation, Service, and Entrepreneurship grants
- Participated in the University of Colorado System development of guidance for copyright, fair use, and MOOCs
- Led several renovation and space improvement projects, ranging from $400,000–$3,000,000, such as the Gemmill Engineering Math and Physics Library, which increased public seating and provided additional group study rooms
- Formalized collaborations with National Center for Atmospheric Research Library.
- Laid groundwork to improve Libraries relationship with Latinx community through Special Collections and Archives exhibit and event celebrating 50th anniversary of the United Mexican American Students (UMAS) at University of Colorado Boulder
- Led the Libraries Deans and Directors Council (formerly Management Team) to break down silos and improve cross departmental communication, knowledge sharing and teamwork among library leadership, including setting agendas, planning retreats, and developing policies
- Reviewed feedback from Libraries faculty and staff related to our current organizational structure, along with Associate Dean, developed world cafe questions and held sessions with Libraries staff and faculty to generate additional input and ideas to improve organizational structure. Along with Associate Dean and HR consultant, rolled out new, agile structure in May 2020

Texas A&M University: Leadership and Major Projects

- Provided leadership, vision, and strategic direction for public and learning services, digital services and scholarly communication, liaison services, branch library services and digital initiatives to cultivate a forward-looking, collaborative environment, set user-centered service standards, and promote efficiency, consistency and infrastructure support across all public service units and operations
- Served as trainer for library service culture, met with team and developed training script and techniques for student workers, staff, and librarians
- Held discussions related to accessibility of online tutorials and resources which led to training in universal design to kick off website refresh planning
- Advocated to CIO, Vice President of Research and Libraries Dean related to collaboration on Digital Preservation Network (DPN) multi-institutional project
- Conducted assessment of Texas Wesleyan Law Library holdings to see if there was adequate support for program, budget, etc. as part of University administration decision to purchase law school
- Collaborated with central IT to transfer support of Libraries public computers from Library IT to campus IT in all campus libraries
- Engaged with constituents and promoted user-centered services that integrated the library faculty and staff into environments where users work and interact

- Co-led implementation of new funding structure for collection development that enhanced our acquisitions model to better represent and respond to requests from constituents
- Developed electronic reserves fair-use policy based on ARL Best Practices document in collaboration with library colleagues and in consultation with national leaders on copyright concerns
- Served as administrative link to the main campus library for all personnel, fiscal, and building maintenance operations and provided administrative oversight and support for the Policy Sciences and Economics Library, the Map Room, and the West Campus Library
- Managed a team of 5 subject selectors; had overall collection development responsibility for areas related to business, political science, economics, law, and the patent and trademark depository; provided instructional, reference and information services (consolidated collections budget model of $23M for all subjects)
- Developed, proposed and executed a plan to keep the West Campus Library open 24/5 whenever classes were in session (and 24/7 during finals week) creating a model for the Library Annex building to go 24/5 a few years later.
- Advocated for, applied to, and succeeded in getting the West Campus Library membership in the highly selective Academic Business Library Directors (ABLD)
- Advocated for, planned, and collaborated on renovation of West Campus Library to expand group study space and create a single service point
