

Career Objectives

- Encourage more students, especially women and those from historically marginalized groups, to pursue interests in the field of engineering. Propel recruitment and retention efforts locally, nationally, and internationally. Broaden the perception of engineering to be a human-centered discipline as well as a technical one.
- Deliver exceptional learning experiences to students to aid in their maturation as professionals with demonstrable mechanical intuition and deep understanding of how engineering impacts people, cultures, and economies worldwide.
- Pinpoint the social and cultural impact of technological choices made by engineers in the process of designing and creating new devices and systems. Identify the intentional and unintentional consequences of durable structures, products, architectures, and standards in engineering education, to target areas for transformative change.

Education

Ph.D.	Department of Mechanical Engineering, University of Colorado Boulder Dissertation: <i>Actor-Networks of Sophomore Engineering: Durability and Change in Required Sophomore Mathematics Courses</i> . Advisor: Daria A. Kotys-Schwartz. Committee: Margaret Eisenhart and Kevin O'Connor, School of Education; Derek Reamon, Michael Hannigan, College of Engineering and Applied Science.	2015
M.S.	Design Center Colorado, University of Colorado Boulder Masters Design Project sponsored by Medtronic Navigation, Louisville CO	2010-12
B.S.	Mechanical Engineering, F.W. Olin College of Engineering Senior Capstone Project sponsored by Draper Laboratories, Cambridge MA	2002-06

Teaching Experience – University of Colorado Boulder

• Associate Teaching Professor , Department of Mechanical Engineering, College of Engineering and Applied Science. Faculty member teaching core courses featuring design projects and labs in the undergraduate curriculum, including MCEN3025: Component Design, MCEN4026: Manufacturing Processes & Systems, MCEN5055: Advanced Product Design, MCEN 4/5228: Special Topics Design for Inclusion.	2022-present
• Assistant Teaching Professor , Department of Mechanical Engineering, College of Engineering and Applied Science.	2019-22
• Instructor , Engineering Plus Program, College of Engineering and Applied Science. Faculty member administering customizable undergraduate engineering program. Cross-disciplinary, design-rich coursework including GEEN3830, Engineering Mathematics.	2016-18
• Adjunct Instructor , College of Engineering and Applied Science, GEEN1400 and COEN 1400, First-Year Engineering Projects.	2015-16
• Lead Graduate Teacher , Department of Mechanical Engineering, Graduate Teacher Program (GTP).	2011-13
• Adjunct Instructor , Department of Mechanical Engineering, MCEN 5208, Introduction to Research.	Fall 2012
• Novel Curriculum Developer , Department of Mechanical Engineering, MCEN 2023, Statics and Structures. Initiated active learning recitations for this gateway course into mechanical engineering, using the body as foundational example to teach concepts related to equilibrium and balancing forces.	Fall 2012
• Teaching Assistant , Department of Mechanical Engineering MCEN 3025, Component Design	Spring 2011

MCEN 4026, Manufacturing Processes and Systems

Fall 2010

- **Mentor**, Boulder Robotics Alliance Landsharks For Inspiration and Recognition of Science and Technology (FIRST) Robotics Competition Team 1157.

2010-2021

Professional Experience

- **Systems Engineer**, Home Robots Division
iRobot Corporation – Bedford, MA

2007-09

- **International Customer Support Engineer**, International Division
iRobot Corporation – Bedford, MA

2008

- **Technical Manufacturing Liaison**, Asia Pacific Division
iRobot Corporation – Hong Kong SAR

2006-07

Research Projects

NSF Scholarships in Science, Technology, Engineering, and Mathematics (S-STEM)

2020-2023

- *The Redshirt in Engineering Consortium* includes the GoldShirt Program at CU Boulder and related Redshirt programs at the University of Washington; Washington State University; Boise State University; the University of Illinois, Urbana-Champaign; and the University of California, San Diego (NSF Award #1564494, \$756k). Qualitative research includes conducting focus groups and interviews with student participants in their 2nd and 3rd years of engineering undergraduate schooling.

Jana Milford (PI), Beverly Louie, Daniel Knight, Janet Tsai.

NSF Research in the Formation of Engineers with Colorado School of Mines (CSM)

2018-22

- *Understanding the Formation of Sociotechnical Thinking in Engineering Education* – NSF RFE project (NSF Award #1838311, \$363k). Developed course interventions and assessments for use in GEEN1400: First-Year Engineering Projects to encourage sociotechnical thinking within a hands-on, project-based environment at CU, in comparison with related courses at CSM. Kathryn Johnson (PI), Jenifer Blacklock, Stephanie Claussen, Jon Leydens, Barbara Moskal, Janet Tsai.

Transforming Education, Stimulating Teaching and Learning Excellence (TRESTLE)

2018-19

CU Boulder

- *GEEN 1400: First-Year Engineering Projects to Enhance Climate of Inclusivity* – Subaward from a 7-institution NSF-funded project to support improvements in undergraduate STEM education (DUE 1525331). Locally administered by the Center for STEM Learning (\$10k). Created, refined, and facilitated course interventions, assignments, and assessments targeted at increasing awareness of differences and improve climate for all students in GEEN1400: First-Year Engineering Projects. Derek Reamon & Janet Tsai

Postdoctoral Research: Integrated Teaching and Learning Laboratory, CU Boulder

- *Inclusive Excellence to Bolster Diversity: A System of Capacity-Building Pathways To and Through Engineering* – NSF Foundation Research in Engineering Education (REE) project (NSF Award #1160264, \$540k). Analyzed and aggregated data over four years of intensive qualitative observations, interviews, and focus groups to deliver findings related to replicating the system model at other institutions for bolstering diversity and broadening participation. Jacquelyn F. Sullivan (PI), Daria A. Kotys-Schwartz, Beverly Louie, Kevin O'Connor, Stephanie Rivale (co-PIs)

2016-17

- *University of Colorado Teach Engineering* – S.D. Bechtel, Jr. Foundation Grant, K-12 Teacher

Licensure Program (Total award amount \$1,083,184). Conducted exploratory research in the

2016-17

identity formation of undergraduate students pursuing engineering degrees and K-12 teaching licensure simultaneously to better understand these unique students and their particular navigational challenges and threats to their dual identities as engineers and educators.

Jacquelyn F. Sullivan and Malinda Zarske (PIs).

Doctoral Research: Department of Mechanical Engineering, CU Boulder

2013-15

- *Actor-Networks of Sophomore Engineering: Durability and Change in Required Sophomore Mathematics Courses* – An intensive exploration of the student experience in the required sophomore-level engineering mathematics courses of Calculus 3 for Engineers and Differential Equations & Linear Algebra. Adopted *Actor-Network Theory* from Science and Technology Studies to observe over 150 hours of official course activities; conduct 23 in-depth interviews with students, teaching assistants, and faculty members; and facilitate focus groups to confirm emergent themes and debate contentious topics. Identified the curriculum as a product of incremental *translations* over five decades, starting from the Space Age and Cold War and remaining largely unchanged and outdated within our current era. Findings suggest a re-evaluation of the mathematics curriculum is warranted, questioning the power of exams in determining student trajectories and the utility of homework assignments in light of widely available technologies.

Advised by Daria A. Kotys-Schwartz, in collaboration with Daniel Knight

Other Graduate Research:

2010-13

- *Engineering Education Pioneers Project at the Center for Engineering Learning and Teaching (CELT), University of Washington* – Conducted personal interview with notable pioneer of engineering education, Dr. Lawrence P. Grayson. Authored profile of his work and life to published on the NSF-backed *Pioneers Project Online Portal* (NSF Award #1263512). Available at <http://depts.washington.edu/celtweb/pioneers-wp/>

Ken Yasuhara (PI), Brook Sattler, Cindy Atman (co-PIs)

- *Body-Based Approach to Teaching and Learning Engineering Statics* – Developed novel curriculum to teach sophomore-level Engineering Statics via examples based in the universal element of the human body. Transformed course for 190 students during the Fall of 2012 by implementing active-learning recitations to encourage experiential learning through tangible sensation.

Advised by Daria A. Kotys-Schwartz, in collaboration with Michael Hannigan

- *Your Own Undergraduate Research Experience at the University of Colorado Boulder (YOU'RE@CU) Program* – Assessed the efficacy of this novel undergraduate research program from the perspectives of both graduate mentors and undergraduate mentees. Using a mixed-methods approach, identified factors for program improvements (e.g. formal mentor training) and impactful differences among mentor models (e.g. boss versus coach models of mentoring). Beverly Louie and Virginia Ferguson (PIs)

Undergraduate Research: Franklin W. Olin College of Engineering, Needham MA

2005-06

- *Evaluating Effectiveness of Project-Based Learning on Retention of Women and Minority Students* – Became trained in basic qualitative analysis techniques including coding of textual data and usage of qualitative data analysis software NVivo.

Yevgeniya Zastavker and Mia Ong (PIs)

Grants and Fellowships

- Accu-Precision Faculty Fellowship in Manufacturing 2022-2027
- DEI Action Grant, Department of Mechanical Engineering (\$3k) for proposal titled “STEM Generation Partnership with Mechanical Engineering” Fall 2021 – Spring 2022
- Transforming Education, Supporting Teaching and Learning Excellence (TRESTLE) Course Transformation Award (\$10k) for proposal titled “Transforming GEEN 1400: First-Year Engineering Projects to Enhance Climate of Inclusivity” Fall 2018 – Spring 2019
- Innovative Inclusion Ideas Grant for proposal titled “Talk it Out” (\$1.5k) Fall 2017 – Spring 2018
- Engineering Excellence Fund Mini Grant Award for proposal titled “Materials Science Laboratory Equipment” (\$3k) Fall 2017
- Engineering Excellence Fund Major Grant Award for proposal titled “Engineering Math Course Equipment” (\$28.5k) Spring 2017
- Department of Mechanical Engineering Summer Fellowship 2015
- American Society of Mechanical Engineers (ASME) Graduate Teaching Fellowship (\$10k) 2014-16
- Philanthropic Educational Organization (PEO) Scholar Award (\$30k) 2014-15
- Chancellor’s Graduate Award for Excellence in STEM Education, Center for STEM Learning at University of Colorado Boulder (\$15k) 2014-15
- National Science Foundation Graduate Research Fellowship, STEM Education and Learning Research – Engineering Education (\$90k) 2011-14
- Olin College Inaugural Full-Tuition Scholarship (\$160k) 2002-06

Awards and Honors

- Nominee, College of Engineering and Applied Science Faculty Service Award, CU Boulder 2024
- Department of Mechanical Engineering Outstanding Undergraduate Educator Award Fall 2023
- Department of Mechanical Engineering Diversity, Equity, and Inclusion Award (DEI Award) Jan 2022
- Best Presentation Award for “Intended & Unintended Consequences of Rapidly Expanding an Engineering Mathematics Intervention for Incoming First-Year Students,” First-Year Programs Division, American Society for Engineering Education (ASEE) Annual Conference and Exposition, Tampa, FL. Jun 2019

- Best Paper Finalist for “Intended & Unintended Consequences of Rapidly Expanding an Engineering Mathematics Intervention for Incoming First-Year Students,” First-Year Programs Division, American Society for Engineering Education (ASEE) Annual Conference and Exposition, Tampa, FL. Jun 2019
- Graduate Teacher Program Best Should Teach Gold Award 2018
- Spotlight on Research, Department of Mechanical Engineering, University of Colorado Boulder Mar 2015
- Most Attended Poster Award for “What’s ‘Proper’ in Engineering? Exploring Cultural Norms in the Sophomore Engineering Curriculum,” Graduate Engineering Annual Research and Recruitment Symposium (GEAR2S), Department of Mechanical Engineering, University of Colorado Boulder. Mar 2014
- Best Paper Award for “Learning Statics by Feeling: Effects of Everyday Examples on Confidence and Identity Development,” Mechanics Division, American Society for Engineering Education (ASEE) Annual Conference and Exposition, Atlanta, GA. Jun 2013
- Best Paper Award for “Am I a Boss or a Coach? Graduate Students Mentoring Undergraduates in Research,” Graduate Studies Division, American Society for Engineering Education (ASEE) Annual Conference and Exposition, Atlanta, GA. Jun 2013
- Best Aesthetics Award, "Active Learning at the University of Colorado Boulder," Graduate Teacher Program Poster Session, Boulder, CO. Apr 2013
- People’s Choice Award, “Retention of Women and Minorities in Science, Technology, Engineering, and Mathematics (STEM) @CU,” Graduate Teacher Program Poster Session, Boulder, CO. Apr 2012
- Kenneth Johnsen Student of the Month Award. Awarded by Department of Mechanical Engineering, University of Colorado Boulder. Oct 2011
- Dorothy Martin Doctoral Student Honorable Mention Award, University of Colorado Boulder Graduate School 2011
- Rock Award, iRobot Corporation 2007

Workshops, Lectures and Presentations

Workshops

1. J.Y. Tsai, "Let's Discuss: AAPI Solidarity in STEM", Convergent AAPI Employee Resource Group. 24 Apr 2023
2. J.Y. Tsai, "Authentic Leadership Workshop", inaugural Engineering Leadership Summit, University of Colorado Undergraduate Engineering Council. 18 Mar 2023
3. G. Bredesen, J. Casagrand, J.Y. Tsai, L. Szentkirályi (facilitator), "Finding Purpose in Academic Service," Office of Faculty Affairs, University of Colorado Boulder. Virtual On line. 14 Oct 2022
4. J.Y. Tsai, "Building an Inclusive Environment for STEM Labs and Recitations," Center for Teaching and Learning Fall Intensive, University of Colorado Boulder. 17 Aug 2022
5. J.Y. Tsai, "Fun with Faculty - Vision Boards," University of Colorado Engineering Council. 26 Jan 2022
6. B. Ciancanelli and J.Y. Tsai, "Designing inclusive content and assignments for STEM courses," Bay View Alliance Community Conversation Series. Virtual On line. 4 Aug 2021
7. K. Johnson, J.A. Leydens, S. Claussen, J.Y. Tsai, J. Blacklock, and B. Moskal, "Tips and Tools to Integrate Sociotechnical Thinking in the Classroom for the Next Generation of Engineering Professionals," Liberal Education/Engineering & Society Division Workshop, 2021 ASEE Virtual Annual Conference. 26 Jul 2021
8. J.Y. Tsai, S. Chessman, and D. Yeh, "Let's Discuss: AAPI Solidarity in STEM," College of Engineering and Applied Science, University of Colorado Boulder. 25 Mar 2021

Invited Lectures and Public Presentations

1. J.Y. Tsai, "What is engineering anyway?" MCEN2000 research roundtable series, instructor Kat McConnell. 27 Nov 2023
2. J.Y. Tsai, "Introduction to Sociotechnical Thinking" GEEN1400, instructor Madhur Atreya, CEAS CU Boulder. 16 Oct 2023
3. J.Y. Tsai, "Do artifacts have politics? The Engineering Sciences Center at CU Boulder," COEN3100 Transfer Student Success Seminar, instructor Rebecca Dizon, CU Boulder. 28 Sept 2023
4. J.Y. Tsai, "Building an Inclusive Environment for STEM Labs and Recitations," Graduate Teacher Program Fall Intensive Workshop, University of Colorado Boulder. 24 Aug 2023, 17 Aug 2022
5. J.Y. Tsai, "Ecosystem Approach to Workforce Development," Panel Lead Address, Basic Research Needs Workshop on Laser Technology, Department of Energy. 15 Aug 2023
6. J.Y. Tsai, "Introduction to Sociotechnical Thinking" GEEN1400, instructor Joan Tisdale, CEAS CU Boulder. 21 Apr 2023
7. J.Y. Tsai, "'Womxn-centered visions for engineering," Keynote address, SWE Rocky Mountain Section Spring Summit. 15 Apr 2023
8. J.Y. Tsai, "SWE Celebrates Women's History Month: Designing for Inclusion," BOLD Power Hour, BOLD Center. 2 Mar 2022

9. G. Schuster (keynote), J. Dubois (moderator), M. Nenova (student Q&A facilitator), J.Y. Tsai (facilitator), "Social Consciousness in High Tech: A Conversation with Microsoft's Gavriella Schuster," 73rd University of Colorado Boulder Conference on World Affairs. 5 Apr 2021
10. J.Y. Tsai, "Designing for Inclusion," Paul M. Rady School of Computer Science & Engineering Seminar Series Spring 2021 at Colorado Western University, hosted by J. Blacklock. 5 Apr 2021
11. J.Y. Tsai, "The Power and Privilege of TA-ship: Gatekeeping and Sponsoring Undergraduates Through Engineering," Workshop for Department of Mechanical Engineering Teaching Assistants at CU Boulder. 27 Jan 2021, 10 Oct 2019
12. J.Y. Tsai, "Making Room for Reality in STEM Labs, Recitations, and Classes," Graduate Teacher Program Fall Intensive Workshop, University of Colorado Boulder. 23 Aug 2019, 24 Aug 2018, 25 Aug 2017, 18 Aug 2016
13. J.Y. Tsai & D. Reamon, "Transforming GEEN1400 and starting an Engineering Math course," Discipline-Based Educational Research Seminar Series, University of Colorado Boulder. 8 Apr 2019
14. J. Y. Tsai, "Opportunities and Challenges with Project-Based Learning & Student Teams, A story of potential transformation in first-year engineering projects courses," Transforming Education, Stimulating Teaching and Learning Excellence (TRESTLE) project and the Center for STEM Learning, Shared Innovation Discussion Group (ShInDiG), University of Colorado Boulder. 6 Nov 2018
15. J.Y. Tsai, M. Soltys, "Engaging First-Year Students in Active Learning," ACTIVE: Faculty Development and Leadership Intensive convened by Dr. Robyn Sandekian, CU Boulder. 1 Nov 2018
16. J.Y. Tsai, A.Bielefeldt, K. Strange, "Opportunities and Challenges for Women STEM Faculty and Future Faculty," Graduate Teacher Program (GTP) Friday Faculty Forum, University of Colorado Boulder. 19 Oct 2018
17. J.Y. Tsai, "Celebrating the 50th Birthday of our Engineering Sciences Center," College of Engineering and Applied Science, University of Colorado Boulder. 5 Dec 2016
18. J.Y. Tsai, "Realizing Your Potential," Keynote Speech, Society of Asian Scientists and Engineers (SASE) Regional Conference. 19 Mar 2016
19. J.Y. Tsai, "Our Engineering Center: How a 50-year-old Building Continues to Impact Access and Equality for Modern Students," Graduate Teacher Program Intercultural Workshop Series, University of Colorado Boulder. 17 Feb 2016
20. J.Y. Tsai, "Mediating Stereotype Threat in the Classroom," Graduate Teacher Program Teaching Institute for Graduate Education Research (TIGER) 1 Workshop Series on STEM Teaching, University of Colorado Boulder. 13 Oct 2015

21. J.Y. Tsai, "The Brutalist Engineering Center, 1965 TO 2015," College of Engineering and Applied Science Graduate STEMinar Series, University of Colorado Boulder. 19 Mar 2015
22. J.Y. Tsai, "Tips and Tricks for Mentoring Undergraduate Students," Graduate Teacher Program Teaching Institute for Graduate Education Research (TIGER) 2 Workshop Series, University of Colorado Boulder. 6 Nov 2014

30. J.Y. Tsai and J. Garland, "Grading Problems in STEM Disciplines," Graduate Teacher Program Fall Intensive Conference, University of Colorado Boulder. 23 Aug 2012
31. J.Y. Tsai, "Guidelines to Address Gender in Engineering Classrooms and Beyond," Graduate Teacher Program Monday Workshop Series, University of Colorado Boulder. 27 Feb 2012

Professional Service Activities

- Workforce Development CrossCut Panel Lead, Basic Research Needs Workshop on Laser Technology, Department of Energy Office of Science, Rockville, MD. 2023
- Liaison to American Society for Engineering Education (ASEE) Commission on Diversity, Equity, and Inclusion (CDEI) from the Liberal Education/Engineering and Society (LEES) Division 2022-present

- Mentor, Forming Relationships and Mentoring Engineers Program (FRAME), Olin College of Engineering 2022-23
- Member, American Society for Engineering Education (ASEE) Projects Board 2017-2021
- Representative of the Class of 2006 to the Olin Alumni Council (OAC) 2016-2020
- Founding Member, Bitch Magazine Leadership Council 2010-11

College and Campus Service Activities

- Non-Academic Faculty Advisor, Louis Stokes Alliance for Minority Participation (LSAMP), CEAS 2023-present
- Chair, Diversity, Equity, and Inclusion (DEI) Working Group, Paul M. Rady Department of Mechanical Engineering 2021-present
- Founding Member, Diversity, Equity, and Inclusion (DEI) Working Group, Paul M. Rady Department of Mechanical Engineering 2020-present
- Member, Executive Committee, Paul M. Rady Department of Mechanical Engineering 2021-present
- Member, Governance Committee, Inclusive Culture Council, CEAS 2022-23
- Member, Inclusive Culture Council, CEAS 2021-present
- Faculty Mentor, Engineering GoldShirt Program, BOLD Center CU Boulder 2020-2022
- Faculty Director, American Society of Mechanical Engineers, CU Boulder Chapter 2019-2021
- Member, Department of Mechanical Engineering Undergraduate Committee 2019-2021
- Panelist for annual Mechanical Engineering Ladies Social event, discussing experiences and lessons learned applicable to women in mechanical engineering graduating to industry 2015-present
- Coordinator, Gender and Engineering Seminar at the University of Colorado Boulder, CEAS 2011

Advising

Doctoral Committee Member

- Joany Tisdale, PhD Candidate in Environmental Engineering, Committee Chair Angela Bielefeldt. Comprehensive Exam May 2022. PhD Defense May 2023.

Internship-for-Credit Faculty Advisor

- Kimberly Fung, M.S. in Mechanical Engineering, Summer 2023
- Katrina Leyden, M.S. in Mechanical Engineering, Spring 2023.

Undergraduate Honors Thesis Committee Member

- Megan Walters, B.S. in Physics, May 2020. Committee Chair Noah Finkelstein.

Professional Review – Peer Reviewed Publications

- Journal of Engineering Education
- Advances in Engineering Education

- Journal of Humanitarian Engineering
- American Society for Engineering Education Annual Conference and Exposition
 - Liberal Education/Engineering & Society Division
 - Mechanics Division
 - Women in Engineering Division
 - Educational Research and Methods Division
- Frontiers in Engineering Education Conference
- Collaborative Network for Engineering and Computing Diversity (CoNECD)
