## **LIBRARIANSHIP**

### Director of Engaged Spaces

As Director of the Engaged Spaces Team at the University of Colorado Boulder Libraries, I lead strategic efforts in Building Management, Materials Management, Security, and User Experience to create inclusive, functional environments that support learning and community engagement. I emphasize collaboration, role clarity, and transparent decision-making to empower staff and advance organizational goals. Through visioning sessions, communication strategies, and partnerships across campus and beyond, I ensure Libraries spaces reflect user needs and foster connectedness, aligning all initiatives with the Libraries' mission to provide dynamic, welcoming spaces for discovery and growth.

## **RESEARCH**
