II. Academic Program Development – University of Colorado at Boulder

- **Exchange Program with University of East London**
Began work in 2008 to create an undergraduate student exchange program with the UEL Theatre Studies program; approved by CU Boulder in fall 2010. Program ran 2012-17.
- **Theatre MA / MBA joint degree**
Intended for students interested in careers in arts administration, this degree program contains course work in a non-thesis track MA in Theatre and an MBA which internships in regional professional arts organizations. Program approved 2005.
- **Certificate Program in Lesbian, Gay, Bisexual, and Transgender Studies**
I was a member of the committee which created the Certificate Program in LGBT Studies; the program was approved in 1997. We graduated our first "class" May 1999 with five students. I serve as an Academic Advisor for students interested in pursuing the Certificate and have been the director or co-director of the program since 2000.
- **BFA in Musical Theatre**
Working with the Department of Theatre & Dance and the College of Music, I initiated the paperwork necessary to implement a new BFA in Musical Theatre degree; program approved Spring 1999.

III. Course Development – CU Department of Theatre & Dance

- **THTR 5051 – Contemporary Theatre**
Created a new course for graduate students which explores contemporary world drama and theatre (1950s to the present), spring 2011.
- **THTR 4039 / THTR 5039 – Musical Theatre Repertory**
This is a performance class in which students learn and perform group numbers from the musical theatre canon. The music and lyrics are written down, but the original choreography is often not recorded, or recorded in a form which the students cannot read (Labanotation), and is often too technically difficult for the students to master. Therefore, half of the "text" of the course is my choreography, created in the styles of seminal choreographers of the 20th century.
- **THTR 3009 / 3011 – Development of American Musical Theatre**
When I took over this course Fall 1997, I created a new course packet with extensive biographical information on the various artists covered in the course and worksheets for the musicals which the students are required to study and analyze. I added a web component (WebCT) to the course Spring 2006 and streaming video in 2007. Prior to 1997, the course was taught once a year, in 2012-13 there are nine sections serving approximately 900 students.

VI. Advising

From 1993 to 1999, the Department of Theatre and Dance did not have an assigned Academic Advisor. Therefore, the bulk of student theatre undergraduate advising – declaration of major or minor, transfer evaluations, semester advising, and graduation packets – was done by myself, Assoc. Professor Sean Kelley, and Senior Instructor Bob Bovard. This was in addition to my “regular” advising and mentoring of graduate and undergraduates. I was hired to do Summer Advising for Incoming Freshmen and Transfer students in 1996, 1997, and 1999.
