Instructor for the following courses:

Educational Research Methods (graduate level), Social Statistics, and Social Welfare Policy

2007, 2008 University of the Witwatersrand Johannesburg, South Africa

Teaching assistant for the following courses:

Longitudinal Data Management and Analysis and Sustaining Populations and Resources: Resource Conservation and Rural Development

Research Experience

2011 – 2019 Research Director, Primetime Research & Evaluation Denver, CO

Personal Responsibility and Education Program (PREP) State-Level Evaluation

- Served as primary quantitative data manager and analyst for Colorado PREP, a federal pregnancy prevention program administered by the Colorado Department of Human Services, which serves over 2,000 youth annually.
- Analyzed survey data for all Colorado PREP participants using Stata data analysis and statistical software, produced quarterly reports for PREP program administrators, and oversaw construction of the Colorado PREP Database (<https://coprepdb.com/>).
- Provided training on statistical analyses and data collection and management for PREP program administrators.
- Worked as part of a team on the PREP process evaluation conducted by Primetime Research & Evaluation, which included: developing a Theory of Change and logic models for county-specific and program-wide activities; designing and conducting surveys, interviews, and focus groups to assess accountability of the state, the counties, and all contractors to the Colorado PREP State Plan; and presenting evaluation results to stakeholders in both written form and verbally, while negotiating any conflicts arising between stakeholders.

Latino Task Force of Boulder County Strengths and Needs Assessment

- Served as project manager, setting and ensuring accountability to all deadlines and ensuring client satisfaction.
- Analyzed secondary data from the U.S. Census, American Community Survey, Colorado Department of Education, Colorado Department of Public Health and Environment, and other sources.
- Conducted interviews with leaders in Boulder County and facilitated focus groups with Boulder County Latinos.
- Designed a comprehensive survey in consultation with the Task Force to assess the strengths and needs of Boulder County Latinos and advised the Task Force on sampling methods and recruitment strategies for survey administration.
- Prepared a final report summarizing these findings for The Community Foundation of Boulder County's *Trends Report*.

2013 - 2019 Consultant, JBS International Burlingame, CA

Social Innovation Fund (SIF) Evaluation Plan and Evaluation Report Reviews

- Reviewed evaluation plans/reports from SIF subgrantees, ensuring these incorporate best practices for research methods and statistics, and provided written feedback/phone consultation to address any methodological concerns.

SIF Knowledge Initiative Long-Form Article

- Conducted interviews with SIF grantees and synthesized best practices for dissemination of research findings.
 - Patterson, L., & Education Northwest. (2015). *Lessons and Stories from the Social Innovation Fund: Sharing Results to Effect Change*. Washington, DC: Corporation for National and Community Service, Social Innovation Fund.

AmeriCorps Knowledge Management Project and Application Reviews

- Worked as part of a team to assess the body of evidence on AmeriCorps program effectiveness, resulting in the generation of a synthesis report for the Corporation for National and Community Service, and reviewed 2019-2020 AmeriCorps applications.

2013 – 2019 Consultant, Colorado Dept. of Human Services Denver, CO

Askable Adults Evaluation

- Designed and administered online evaluations for the Askable Adults curriculum, a training program for parents and other youth-serving adults in Colorado, addressing sexuality development, the provision of support for LGBTQ youth, and local sexual health legislation and resources.

PREP Fidelity Monitoring

- Designed and administered an online fidelity monitoring tool for PREP curricula and prepared quarterly Excel-based summaries of fidelity data.

Professional Development Academy Evaluation

- Designed written and online surveys to evaluate satisfaction with a yearly conference including 30 workshops and with over 400 attendees, and prepared comprehensive reports synthesizing qualitative and quantitative evaluation data.

2018 - 2019

Consultant, First 5 Monterey County

Salinas, CA

Developmentally Appropriate Practices Knowledge Initiative

- Worked as part of a team to produce a comprehensive review of academic and grey literature examining the relationship between kindergarten readiness and caregivers' knowledge and use of developmentally appropriate behaviors with children.

Predictive Analysis and Report for Kindergarten Readiness Assessment System Pilot

- Conducted longitudinal quantitative analyses examining how kindergarten readiness data predict third grade student performance, including developing variables, cleaning data, imputing missing data, verifying statistical assumptions, analyzing data, and writing a final report.

2005 – 2007

Research Assistant for Dr. Lori Hunter

Boulder, CO

Adult Mortality, Food Security, and Resource Use in the Agincourt Health and Population Unit, South Africa

- Extracted complex longitudinal data from a relational database, and conducted factor analysis and regression analyses, including logistic regression, multinomial logistic regression, OLS regression, and difference-in-differences models.

2007

Research Assistant for Dr. Wayne Twine Johannesburg, South Africa

Dataset documentation for the Agincourt Health & Population Unit and the African Population & Health Research Center

- Developed a complex codebook describing the organization of 45 surveys administered by the AHPU and the APHRC.

Household livelihoods in the Welverdiend community, Mpumalanga Province, South Africa

- Cleaned data, conducted descriptive statistics (population frequencies and cross-tabulations), graphically depicted data, and conducted preliminary statistical analyses (t-tests, chi-square tests) using Stata data analysis and statistical software.
