

BETSY HOLT JOHNSON, AIA

Registered Architect: Texas # 20811, Colorado #ARC 00404049

EDUCATION

2003 **Tulane University School of Architecture**, New Orleans, Louisiana
Master of Architecture
Certificate in Preservation Studies
Spanish Minor

EDUCATIONAL SERVICE

2019 Instructor and Coordinator for ENVD 1020 Fall 2019
Instructor for ENVD 1010 Fall 2019
Instructor and Coordinator for ENVD 1102 Spring 2019 – 2 sections
Design and Construction oversight for renovations to the CU ENVD building.

2018 Instructor for ENVD 1052 Fall 2018
Instructor for ENVD 2120 Fall 2018
Instructor and Coordinator for ENVD 1102 Spring 2018 – 2 sections

2017 Instructor for ENVD 1102 Spring 2017 – 2 sections
Instructor for ENVD 2120 Fall 2017 – 2 sections

2016 Lecturer for ENVD 1102 Spring 2016
Lecturer for ENVD 1102 Summer 2016
Instructor for ENVD 2120 Fall 2016 – 2 sections
Participated by request from J. Bellucci, K. Drennan and J. Lanterman to serve as juror for final reviews in several sections to provide critique from the perspective of a practicing professional.

2015 Lecturer for ENVD 2120 Fall 2015
Participated by request from J. Bellucci, K. Drennan and S. Roudbari to serve as juror for final reviews in several sections to provide critique from the perspective of a practicing professional.

2015 Visiting juror at University of Colorado Boulder - ENVD 2130 Spring 2015

2011 AIA Professional Practice Leadership Program (2PLP) co-chair. Organized all speakers for the program, in addition to sending out all communications to current class.

2009 Selected in a firm of 75+ to be one of two attendees from the office to attend the Autodesk University annual conference for advanced Revit training.

2009 Developed and led Lake | Flato's in-house educational program, *Know | How*. Charged with curriculum development and execution for entire monthly series.

2008 AIA 2PLP member. Chosen within an office of 75+ as one of two participants to represent the company in this city-wide leadership program. One of the primary tenets of the program is to provide practicable knowledge to young professionals to improve the practice of architecture.

2007 Lake | Flato Materials Resource Librarian

2006 AIA Continuing Education in-office Coordinator

2002 Supervised and aided in construction of low income housing with Casa Verde Builders
Built construction model for CVB as a teaching tool for students.

1999 - 2003 American Institute of Architecture Students
1999 - 2002 Chi Omega sorority

PROFESSIONAL EXPERIENCE

2014 – present **HiWorks Architecture**, San Antonio, Texas / Boulder, Colorado
Associate, Director of Technology and Building Systems

Patio Ranch Pavilion HUNT, TEXAS | 800 SF | \$700K

This small "Hill Country jewel" is linked to an existing hunting lodge from the 1930s. The project consisted of a screened porch addition, as well as a free-standing dining pavilion designed to capture the surrounding views. Acted as lead Project Manager for Construction Documentation and Construction Administration.

publications

2016 – Austin / San Antonio Urban Home magazine

Additional Representative Projects:

North Boulder Home Renovation BOULDER, COLORADO | 300 SF | \$200K

Parent / Child Inc. Headquarters SAN ANTONIO, TEXAS | 8K SF | \$1M

Fort Stockton Community Theater FORT STOCKTON, TEXAS | 8K SF | \$2M

Brady Residence SAN ANTONIO, TEXAS | 5K SF | \$1M

Vaughan Residence BOERNE, TEXAS | 8K SF | \$1.5M

2015 – present **BHJ Design, Inc**, Boulder, Colorado
Principal, Managing Partner

Wonderland Lake Residence BOULDER, CO | 6000 SF | \$6M

I am working in conjunction with Lake | Flato Architects as a consultant for this local residential project. Duties include local code analysis with the City of Boulder, client communication, analyzing the best local building design techniques and on the ground coordination.

Agarita Pool House SAN ANTONIO, TEXAS | 500 SF | \$100K

This small pool house will showcase a beautiful pool in a climate with a need for shade and relief from the heat. The small screened pavilion will utilize recycled materials and sit within a tight footprint to help shield the back yard from the harsh western sun.

New Mexico School for the Arts SANTA FE, NEW MEXICO | 120K SF | \$30M

The project involves master planning around an existing mall, west of the historic downtown of Santa Fe. Portions of the existing mall are carved out to make a central courtyard, while the addition of several new buildings on campus creates a unique identity for the school. This project is in partnership with Lake | Flato Architects.

2004 – 2006, **Lake | Flato Architects, Inc**, San Antonio, Texas

firm awards

2004 – AIA National Firm of the Year
 2013 - Global Award for Sustainable Architecture
 2013 - Architect 50 Top U.S. Firms
 2014 – Masonry of the Year Award

Representative Projects:**Doseum - Children's Museum** SAN ANTONIO, TEXAS | 68K SF | \$42M

This 68,000 square foot museum embraces the indoor-outdoor experience for children. The museum strives to be a teaching tool for the community, reflecting the ideals of respecting the outdoor environment, and learning through play. We worked closely with the exhibit designers to come up with the best solution to optimize the children's learning experience. Opening 2015.

As lead Project Manager, I orchestrated the project development from initial project interview, concept design, design development, cost estimation, and construction drawings.

SK Ranch CENTER POINT, TEXAS | 13.5K SF | \$6M

This private residence consists of a main house, guest house, pool pavilion and tennis pavilion. Set in the heart of the hill country, the contemporary design allows for expansive views to the beautiful landscape that surrounds the site.

publications

2014 - Architectural Digest (Apr)

awards

2014 - American Society of Landscape Architects, Texas
 2014 - Texas Society of Architects Design Award
 2013 - AIA San Antonio Merit Award

Francis Parker School SAN DIEGO, CALIFORNIA | 120K SF | \$47M

The private campus consists of academic structures and transition spaces that became great public rooms. Lake | Flato won a design competition with a design proposal that included "a unique blend of sensitive environmental planning, inspirational public spaces and progressive, open buildings." The 15 building campus design utilized highly sustainable design strategies, encouraging connectivity to the environment with large, operable openings. I managed the Arts and Commons buildings from SD through CA and was Lead Project Manager for CA on the final phase of campus construction including the Administration and three Arts buildings.

publications

2009 - Architect (May)
 2007 - Designing the Sustainable School

awards

2009 - AIA Committee of Architecture for Education

Presidio SAN FRANCISCO, CALIFORNIA | 28K SF | \$2M

2006 - 2007

Bothwell Davis George Architects, Inc., Denver, Colorado

Co-managed a large scale residential project, coordinating design – build work

Nevada Place Residences LITTLETON, COLORADO

Two 67-unit condo buildings included 15 unique unit types. On-going community feedback was integral in the design. This project was distinctive in its goal to draw retirees to an urban site. Created Design Development drawings, reviewed Code requirements and coordinated with Owner and Developer.

Additional Representative Projects:

Apex Dermatology Clinic LOWRY, COLORADO

2003 - 2004

Smallwood Reynolds Stewart Stewart and Associates, Inc., Atlanta, Georgia

Chosen as pilot project team member to aid in office transition to ADT 2004

Parkview High School LILBURN, GEORGIA

Nestled between three existing buildings on the school campus, the new auditorium presented a number of design challenges. All adjacent buildings had to remain open during construction. Working with a team with an entirely new BIM software, we analyzed Energy Code Calculations, Code Review, and produced all SD through CD level drawings. The project was the first in an office of 250 to utilize BIM technology.
