Web page: <http://www.richardkmansfield.com>

Employment:

Assistant Professor, Department of Economics, University of Colorado - Boulder (2016-)
Assistant Professor, Department of Economics, Cornell University (2011-2016)

Education:

Ph.D., Economics, Yale University, May 2012
M.Phil, Economics, Yale University, December 2009
M.A., Economics, Yale University, May 2008
B.A., Economics (*Magna Cum Laude*), Harvard College, June 2005

Current Research Interests:

School and neighborhood effects on adult earnings and educational outcomes, geographic labor market integration and the incidence of local labor market policies, estimation of two-sided matching games and equilibrium sorting models in the U.S. labor market and educational contexts, forecasting the future evolution of race- and gender-specific earnings distributions.

Published/Forthcoming Papers:

“Quantifying Family, School, and Location Effects in the Presence of Complementarities and Sorting” (2019). Joint with Mohit Agarwal and Joseph Altonji. *Journal of Labor Economics*. Vol. 37 (S1), pp. S11-S83

“Group-Average Observables as Controls for Sorting on Unobservables When Estimating Group Treatment Effects: The Case of School and Neighborhood Effects” (2018). Joint with Joseph Altonji. *American Economic Review*. Vol. 108, Issue 10, pp. 2902-2946.

“Task-specific Experience and Task-Specific Talent: Decomposing the Productivity of High School Teachers” (2016). Joint with Jason Cook. *Journal of Public Economics*. Vol. 140, pp. 51-72.

“Teacher Quality and Student Inequality” (2015). *Journal of Labor Economics*. Vol. 33, Issue 3, pp. 751-788.

“The Role of Family, School and Community Characteristics in Inequality in Education and Labor Market Outcomes”, with Joseph Altonji, in “Whither Opportunity? Rising Inequality and the Uncertain Life Chances of Low-Income Children.” (2011), edited by Greg Duncan and Richard Murnane. Russell Sage.

“Demographic Change, Social Security Systems, and Savings” (2007). Joint with David Bloom, David Canning, and Michael Moore. *Journal of Monetary Economics*. Vol. 54, Issue 1, pp. 92-114.

External Funding:

National Science Foundation, Co-PI with Jeronimo Carballo (2020). “The Effects of the U.S. Trade Engagements on the Demographic and Spatial Distribution of Employment and Earnings”. \$367,000.

Internal Funding:

IBS Research Development Award (2018)

Center to Advance Research and Teaching the Social Sciences Award (2018)

Working Papers:

“How Local Are U.S. Labor Markets?: Using an Assignment Model to Forecast the Geographic and Skill Incidence of Local Labor Demand Shocks.”

“Analyzing the Impact of Firms’ Trade Activities on Labor Market Outcomes: A Matched Employee-Employer Perspective”. Joint with Jeronimo Carballo

“Who Benefits from a Smaller Honors Track?”. Joint with Zachary Szlendak

“Estimating the Long-Run Returns to Retraining”

Papers in Progress:

“Evaluating the Worker-Level Incidence of Alternative Government Labor Market Responses to COVID-19”. Joint with Jeronimo Carballo and James Flynn

“An Equilibrium-Based Decomposition of Race and Gender Gaps Over the Life-Cycle: The Relative Contributions of Promotions, Job-to-Job Transitions, and Dead-End Jobs to Earnings Inequality.” Joint with Kassandra McLean

“Decomposing School and Neighborhood Peer Effects” Joint with Stephen Billings and Eric Chyn

“The Impact of Occupational Choice on Long-Run Health” Joint with Mark Klee

Teaching Experience:

Labor Economics (PhD Level), 2011-2016, 2018, 2019

Labor Economics (Undergraduate level), 2012-2020

Intermediate Microeconomic Theory, 2017-2020
